

ALICIA LOOKS BACK

2010

"I love this look! I usually shy away from a light pink on my lips but this felt sexy and fresh."

2012

"This was a glamorous night, so I went with a dark smoky eye and wavy hair."

2013

"The red lip worked well with my hair pulled back and clean eye make-up, especially with that provocative Alaïa dress."

2014

"I love this look, too. It feels easy yet strong at the same time. I like to do eyes that aren't too over-the-top. This flick is simple and graphic."

ALICIA'S MUST HAVES

MOISTURE SURGE

"These masks are great to use when I'm flying as they'll instantly hydrate my skin. I love it when I remember to do it, but I usually fall asleep and forget!"

FRAGRANCE FIX

"Givenchy's Dahlia Divin is a mix of fierceness and femininity, a bit like me. It's very versatile, so I'll wear it for day meetings, and spritz it on before a night out - it's very alluring."

HAIR HYDRATION

"I like hair oils and deep conditioners that you can then wash out in the shower. I do it once in a while to keep my hair soft and hydrated."

CLEAR WINNER

"I'm not so good with manicures as I find polish chips off my nails really quickly. So I just like to go for a good-quality clear coat."

SKIN DEEP

"I have a skincare routine: I cleanse, moisturise, then put on eye cream. I love trying different under-eye creams and masks."

UP IN SMOKE

"I'm a bit of a fragrance nut and I burn candles at home all the time. My favourites are ones with full, sensual scents, like amber and sandalwood."
