 "I cut my hair into a bob on a total whim. I emailed my friend a picture of Nastassja Kinski in the film *Paris, Texas*, asking, 'Shall I do this?' Then, that afternoon, I saw her boyfriend and he said, 'Lily, I had a dream that you cut all your hair off!' So I decided I had to do it. I follow weird signs like that!"

**NEW FINDS**  
 "I like discovering new beauty brands. Often, I'll want to try a product someone has recommended and it'll be a small brand that's tricky to track down. I found La Bella Donna make-up at Beauty Works West in west London. They make great mineral powders with SPF [below] and really good blushers. I also like Cetaphil cleanser."
